--	----------

The foregoing report contains a synopsis of our financial transactions the past official year, which is respectfully submitted to the inhabitants of Alton.

On investigation we found our neighboring towns were paying interest on their notes at the rate of three per cent per annum. As was voted at our annual meeting, we refunded our debt at the above rate of interest which makes a saving to the town of some over two hundred dollars per annum. It will be seen that the increase in town officer bills this year was due to the payment of 1899 tax collectors salary. Our repairs on bridges have been very heavy the past year, we having bought two iron bridges, and built one at a cost of nearly eight hundred dollars. You will observe that the debt of the town has been reduced the past year the amount of \$1 855 75.

HERBERT J. JONES,	Selectmen of Alton
LEWIS H. LAMPREY,	
CHARLES H. DAVIS,	

We, the undersigned, having examined the foregoing account find it properly vouched and correctly cast.

WILLIS P. EMERSON,	Auditors
CHARLES H. DOWNING,	

Alton, N. H., Feb 15, 1901.

SCHOOL REPORT.

We are pleased again to submit our annual report for your consideration. The educational interest of our town have been greatly advanced by our present system

The school board of Alton, Durham and Newmarket in joint session formed a supervisory district at Newmarket on July 27, 1900, for the employment of a Superintendent of Schools, and the following resolutions were adopted :—

RESOLVED :—That the services of the superintendent be apportioned among the towns as follows :

Newmarket, two-fifths of the time.

Alton, two-fifths of the time.

Durham, one-fifth of the time.

RESOLVED :—That the salary of the superintendent be fixed at \$1,000.00 per annum, to be paid by the several town districts forming the Supervisory District in the same proportion as the time of the superintendent is apportioned by the foregoing resolution.

RESOLVED :—That the character of the superintendent's services in each district be such as may be determined by the boards of the several districts forming the supervisory district.

George H. Whitcher, of Durham was employed as Superintendent of Schools for said district, for the term of one year, from August 1, 1900 to August 1, 1901. (One half of his salary has been paid by the state.)

The school board and superintendent have worked jointly together as far as possible, leaving the supervision of schools solely with the latter.

Maps have been introduced into all the schools where needed.

No changes have been made in text books on account of the extra expense caused by the purchase of books in the establishment of a high school. The winter term of the high school, from the extra appropriation, is now in progress with Mr. Isaac Copp and Lydia B Rounds as teachers, hence it does not appear in the tabulations of schools.

We respectfully urge that the Supervisory District system and the winter term of the High School be made permanent.

The supervision of schools is reported in another column.

The annual school meeting will be held in the town hall, at 2 p. m., on Saturday, March 16, 1901.

C. H McDUFFEE, Treasurer

We the undersigned, having examined the foregoing account, find it properly vouched and correctly cast.

WILLIS P EMERSON.
CHARLES H DOWNING. } Auditors.

Alton, N. H., Feb. 15, 1901.

To the School Board of Alton ;---

The cordial relations existing between your Board and the Superintendent of schools, together with the constant consultation concerning all school matters, makes a report of my work almost unnecessary; but for the benefit of all who are interested I think the following brief report desirable:

The course of study adopted before my connection with your schools has been strictly adhered to and meets every reasonable requirement. Its application in the smaller schools required that I should classify the scholars, and this I have done. The number of daily recitations has been reduced from nearly thirty to less than twenty by this classification and the recitation time for each important study has been increased from about twelve minutes to fully twenty minutes, a most valuable gain. All the schools in town are now pursuing exactly the same line of studies and scholars can change from school to school if occasion arises and find them-

selves fitted to enter corresponding classes, a fact of great importance when considered in relation to the High School.

The High School has started out under favorable conditions and I cannot too strongly urge the citizens of Alton to provide for its continuance, the evident interest taken by the scholars, as well as the work accomplished, is very creditable both to teachers and scholars. The grade of the work needs advancing to be sure, but time will early correct this fault.

I have endeavored to aid teachers and scholars in the following ways: FIRST, by classifying scholars; SECOND, by attempting to bring scholars up to the prescribed course of study; THIRD, by suggestions relating to methods of teaching, and FOURTH by determining results by uniform examinations.

During the two terms I have made 89 school visits in Alton and have held three teachers' meetings. The best that I have to report is the uniformly cordial cooperation of every teacher as well as the pleasant relations with scholars, this condition making my work very pleasant. I ask finally that the statistics relating to tardiness be studied. It is doubtful if the record of the Grammar and High Schools can be equalled in the state. Over fifty scholars with but a single tardiness in eleven weeks, and only nine in two terms is very remarkable. It will be profitable for parents and scholars in other schools to compare this record with their own so that next term the whole town may serve as a model in this respect.

Respectfully submitted,

GEO. H. WHITCHER, Supt. of Schools,
Supervisory District of Alton, Durham and Newmarket

Feb. 14, 1901.

LIBRARY REPORT.

To the selectmen and citizens of Alton. The library trustees respectfully submit the following report.

By balance on hand Feb. 15, 1901,		1 68
		\$252 07

There are 1213 books in the library; of this number some fifty or more will have to be rebound before they can again be used. One hundred books have been rebound during the past year. A new book case has also been purchased, and yet we still lack room for all the books. With the number increasing each year we think the town should appropriate enough money to supply what book cases are needed, and to have such books rebound as are no longer fit to use.

The library is open Wednesday afternoon from 2 to 4, and Wednesday evening from 7 to 9 o'clock; Saturday afternoon from 2 to 4, and Saturday evening from 7 to 9 o'clock.

Respectfully submitted,

GEORGE H. DEMERITT,	}	Trustees of
OLIVER J. M. GILMAN,		Public
LENA I. CARPENTER		Library.
